# Chapter 8 **Measurement**

	Multiple cho	oice question	page number	( 183)
--	--------------	---------------	-------------	--------

- 1 Long distance are measured in -----
- a metre( m ) b litre(l) c kilometre(km)
- 2 Long ago people used to measure length with their-----
- a Body parts b scales c metre Rod
- 3 Standard unit of length is
- a kilogram b metre c litre

Multiple choice question page number (184)

- 1 Mass is measured in in
- a kilometre b kilogram c kilolitre
- 2 Petrol and kerosene are measured in in
- a kilogram b metre c litre
- 3 1 litre =----ml
- a 1000 b 100 c 10

# Class response

A oral questions

- 1. Why do we measure things?
- Answer To know the exact quantity.
- 2 What do we use to measure time?
- Answer watch or clock
- 3 How do measurement of time help us?

Answer To be on time

# B science quiz

- 1 Name the unit of capacity .
  Answer litre and millilitre
- 2 name the instrument used to measure temperature? Answer thermometer
- 3 what is the normal temperature of our body? Answer 98.6 Fahrenheit

### Worksheet

- A Multiple choice question1 very long distance are measured answer kilometre
- 2 a physical balance measures Answer length
- 3 degree centigrade is the unit of answer temperature
- B circle the odd ones:
- 1 Mili metre centimetre hour
- 2 second <u>centigrade</u> minute
- 3 thermometer weighing machine spring balance
- C Fill with the help of the given word
- 1 we use a metre rod to measure length.
- 2 In early days people used a hand Span to measure length .
- 3 litre is the unit of capacity.
- 4 short hand of clock reads hours.

# E Name the instrument used to measure the following

1 length of a cloth
2 mass of a person
3 time taken to complete the homework
4 length of a pencil
5 body temperature of a person

measuring tape
weighing machine
clock and watch
scale or ruler
thermometer

# Section B

A Multiple choice question

1 We measure length with a----Answer measuring tape

2 We measure mass with answer weighing machine

B Very short answer question

1 Name one unit of measurement of length Answer metre

2 How many grams make a kilogram? Answer thousand gram

3 How many times you will use a mug of 500ml to fill a bucket of 3 litre? Answer 6 mugs

C short answer question.
